# PROBENTIROX®

## Food supplement with Maritime pine extract

**cellular antioxidant  
immune support**

**30 capsules 500 mg**

**Net weight for 30 consumer units: 15 g**

**INDICATIONS:** Probentirox® is a food supplement with Maritime Pine Extract, Vitamin E and Vitamin C. Maritime Pine Extract exerts antioxidant action; Vitamin E contributes to the protection of cells from oxidative stress; Vitamin C contributes to the normal function of the immune system.

**INGREDIENTS:** Capsule content: Bulking agent: Calcium phosphate dibasic, Lipoic acid, Vitamin E acetate tit. 50% (tocopheryl acetate, modified starch, emulsifier: gum arabic, sucrose), Lycopene from tomato (*Lycopersicon esculentum* Mill., Fruit) tit. 6% (contains corn starch), Maritime Pine (*Pinus pinaster* Aiton) dry bark extract tit. min. 95% in oligomeric proanthocyanidins (OPC), Vitamin C protected tit. 97.5% (ascorbic acid, coating agent: ethylcellulose), Astaxanthin complex tit. 2.5% (oleoresin from *Haematococcus pluvialis*, modified starch, antioxidants: ascorbyl palmitate, dl- $\alpha$ -tocopherol), Anti-caking agents: Magnesium salts of fatty acids, Silicon dioxide, Talc. Outer casing (can contain sulfur dioxide): Bovine gelatin, Dye: Titanium dioxide.

**DIRECTIONS FOR USE:** It is recommended to take 1 capsule with half a glass of water at bedtime. Do not exceed the recommended daily dose.

**WARNINGS:** If you are being treated with hypoglycemic agents before the possible use of the product, seek medical advice. Although there are no known interferences with drugs, it is recommended that administration is at least 1h away from treatments, possibly in the evening. Store in a cool, dry place (temperature below 25° C) away from moisture and sunlight. Keep the product out of reach of children under three years of age. This food supplement should not be used as a substitute for a varied and balanced diet and a healthy lifestyle. Do not use the product during pregnancy and/or breastfeeding. Observe the expiration date on the package.

# RUBENFLUX®

Food supplement with Essential Amino acids, Vitamin C, B Group Vitamins and Iron

red cells  
psychological well-being  
energy

10 sachets 3 g

Net weight for 10 consumer units: 30 g

**INDICATIONS:** RUBENFLUX® is a food supplement containing Essential Amino acids, Vitamin C, B Group Vitamins and Iron. Vitamin C enhances the absorption of iron. Thiamin (Vitamin B1) contributes to the normal psychological function. Riboflavin (Vitamin B2) contributes to normal iron metabolism. Niacin (Vitamin B3), Vitamin B6 and Vitamin B12 contributes to the reduction of tiredness and fatigue. Folate (Vitamin B9) contributes to normal hematopoiesis. Iron contributes to normal formation of red blood cells and hemoglobin.

**INGREDIENTS:** Fructose; Aroma: berry flavor; Acidifier: citric acid; L-Leucine, L-Valine, L-Lysine hydrochloride, L-Histidine hydrochloride, L-Threonine, L-Phenylalanine, Iron gluconate, Vitamin C protected tit. 97.5% (ascorbic acid, coating agent: ethylcellulose), L-Methionine, Elderberry (Sambucus nigra L.) dehydrated berry extract (elderberry, maltodextrin); Anti-caking agent: silicon dioxide; L-Tryptophan, Nicotinamide; Sweetener: Sucralose; Vitamin B6 hydrochloride, Vitamin B12 tit. 0.1% (cyanocobalamin, maltodextrin, acidifiers: citric acid, trisodium citrate), Vitamin B1 hydrochloride, Vitamin B2, Folic acid.

**RECOMMENDED DAILY DOSE:** it is recommended to take 1 sachet in half a glass of water 1-2 times a day.

**WARNINGS:** Do not administer to patients with diabetes. Do not use in pregnancy, during lactation and in children or otherwise for prolonged periods of time without consulting with a doctor. Do not exceed the recommended daily dose. Keep out of reach of children under 3 years of age. Food supplements are not intended as a substitute for a varied and balanced diet and a healthy lifestyle. Store in a cool, dry place at room temperature, protected from sunlight. The expiry date refers to the product with intact packaging.

# FLORITMIC®

## Food supplement containing Lactobacillus Rhamnosus and Bifidobacterium Lactis

**hormonal activity regulation**  
**normal mucous membranes**  
**immune system support**

10 vials 10 mL with measuring cap

Net weight for 10 consumer units: 109 g

**INDICATIONS:** FLORITMIC® is a food supplement containing Lactobacilli, Group B Vitamins, Vitamin A and Vitamin D. Lactobacilli rhamnosus and Bifidobacterium lactis animalis subsp. lactis favour the balance of intestinal flora; Thiamin (Vitamin B1) contributes to normal energy-yielding metabolism; Riboflavin (Vitamin B2), Niacin (Vitamin B3) and Vitamin A contribute to the maintenance of normal mucous membranes; Vitamin B6 contributes to the regulation of hormonal activity; Vitamin B12 and Vitamin D contribute to the normal function of the immune system.

**INGREDIENTS:** Measuring cap content: Maltodextrin, Lactobacillus rhamnosus SP1 (Lactobacillus rhamnosus, corn starch), Bifidobacterium animalis subsp. lactis BLC1 (Bifidobacterium animalis subsp. lactis, corn starch, can contain caseine and lactose), Niacin, Anti-caking agent: Silicon dioxide, Vitamin A acetate tit. 500000 UI/g (retinil acetate, gelatin, corn starch, sucrose, antioxidant: BHT), Calcium pantothenate, Pyridoxine hydrochloride, Riboflavin, Thiamine hydrochloride, Vitamin B12 tit. 0.1% (cyanocobalamin, maltodextrin, acidifiers: citric acid, trisodium citrate), Cholecalciferol. Vial content: Water, Fructose, Honey, Basil natural flavor, Preservative: Potassium sorbate, Emulsifier: Polysorbate 80, Preservative: Sodium benzoate, Fennel (Foeniculum vulgare Mill.) essential oil, Acidity regulator: Citric acid.

**RECOMMENDED DAILY DOSE:** It is recommended to take one vial a day. Do not exceed the recommended daily dose.

**WARNINGS:** Keep out of reach of children under 3 years of age. Food supplements are not intended as a substitute for a varied and balanced diet and a healthy lifestyle. Store in a cool, dry place at room temperature, protected from sunlight. The expiry date refers to the product with intact packaging.

# VIGORBITAL®

## Food supplement with Panax Ginseng

**energy yielding metabolism  
muscle and cardiac function  
protein synthesis**

**10 vials 10 mL with measuring cap**

**Net weight for 10 consumer units: 118,8 g**

**INDICATIONS:** VIGORBITAL® is a food supplement containing Creatine, Ginseng, B Group Vitamins, Vitamin A, Vitamin D, Magnesium, Iron and Zinc. Ginseng acts as a tonic (physical and mental fatigue) and antioxidant. Riboflavin (Vitamin B2), Niacin (Vitamin B3), Vitamin B12 and Iron contribute to normal energy-yielding metabolism. Thiamin (Vitamin B1) contributes to the normal heart function. Vitamin D and Magnesium contribute to normal muscle function. Zinc contributes to normal protein synthesis. Vitamin A contributes to the normal function of the immune system.

**INGREDIENTS:** Measuring cap content: Creatine monohydrate, Ginseng (Panax ginseng C.A. Meyer, roots) dry extract titrated 5% in total ginsenosides as ginsenoside RG1 (ginseng, maltodextrin), Iron gluconate, Zinc pidolate, Maltodextrin, Vitamin B3, Anti-caking agent: silicon dioxide, Calcium pantothenate, Anti-caking agent: Magnesium salts of fatty acids, Vitamin A acetate tit. 500000 IU/g (retinyl acetate, gelatin, corn starch, sucrose, antioxidant: BHT), Vitamin B6 hydrochloride, Vitamin B1 hydrochloride, Vitamin B2, Vitamin B12 tit. 0.1% (cyanocobalamin, maltodextrin, acidifiers: citric acid, trisodium citrate), Vitamin D3. Vial content: Water, Fructose, Magnesium citrate, L-arginine, Pollen in honey, L-carnosine, Flavor, Preservatives: Potassium sorbate, Sodium benzoate, Thickener: Xanthan gum. Acidity regulator: Citric acid.

**RECOMMENDED DAILY DOSE:** It is recommended to take one vial a day. Do not exceed the recommended daily dose.

**WARNINGS:** For the use of the product you are advised to consult your doctor. Do not administer to patients with diabetes. Do not use in pregnancy, during lactation and in children, or otherwise for prolonged periods of time without hearing the opinion of the doctor. Keep out of reach of children under 3 years of age. Food supplements are not intended as a substitute for a varied and balanced diet and a healthy lifestyle. Store in a cool, dry place at room temperature, protected from sunlight. The expiry date refers to the product with intact packaging.

# CELLULOX®

## Food supplement with Chitosan, Centella Asiatica and Vitamins

**cellulite imperfections contrast  
collagen formation  
microcirculation functionality**

**30 tablets 580 mg**

**Net weight for 30 consumer units: 17,4 g**

**INDICATIONS:** CELLULOX® is a food supplement containing Chitosan, Centella asiatica, and Vitamins. Centella asiatica contrasts cellulite imperfections; Vitamin C contributes to normal collagen formation for the normal function of blood vessels; Vitamin B6 contributes to the regulation of hormonal activity; Riboflavin (Vitamin B2) contributes to the maintenance of normal skin.
